PERRY MILLING

EST. FEED & SUPPLY 1992

Ranch Mix

**Wheat Middlings, Corn Chop,
Vitamin ADE, Soybean Oil and
Liquid Molasses**

Protein 10.07%, Fat 2.8%, Fiber 5.8%

FEEDING DIRECTIONS

Feed 1 to 3% of animal's body weight, starting at 0.5% and increasing gradually over a 3 week period. Increase or decrease according to body condition score. For ruminants be sure to feed with good quality alfalfa/grass hay. Consumption will vary depending on forage nutrient value, maternal milk production, and nutrient demands of the young. Provide salt and mineral free choice. Provide an abundant clean, fresh source of water. For further directions consult your supplier or nutritionist.
